formation concerns rights and  
procedures that relate to this  
proceeding for the termination  
of custody and control of said

Code Section 7860 et seq.:

1. At the beginning of  
the proceeding the court will  
consider whether or not the in-  
terests of the minor child require  
the appointment of counsel. If  
the court finds that the interests  
of the minor do require such

just. If, however, the court finds  
that any of the real parties in  
interest cannot afford counsel,  
the amount will be paid by the  
county.

4. The court may contin-  
ue the proceeding for not more  
than thirty (30) days as neces-

quired 5000 square foot lot size as required by Sec. 50-432, but still allow for the minimum setback lines and adequate buildable area.

2. To allow a blanket perpetual variance to not conform with the requirements of Sec. 50-432 requiring a concrete slab foundation, due to the hardship caused by following these requirements, but rather to comply with applicable state and manufacturer's requirements.

3. To allow lots 12-20, 63, 64 and 68-72 to be 40 feet 1 inch in width instead of 50 feet, which allows for a 12' setback as required by Sec. 50-432 as well as a 16' wide buildable area.

4. To allow lots 12-20, 63-65, 74 and 76 to be less than 120' in depth as the minimum required by Sec. 50-434.

5. To allow a density of 7.19 lots/acre instead of a density of 2 lots/acre as the maximum required in Sec. 50-438.

6. To allow lots 20 and 68 to encroach upon the 15' buffer required in Sec. 50-443 for a 15' buffer along the community's exterior boundary line.

7. To allow asphalt private access drives to match existing drives instead of concrete streets required in Sec. 50-449.
