Public Involvement Documentation

In accordance with federal legislation and regulations, and as part of the transportation planning process, the public was invited to review and comment on the proposed Revisions to the Jefferson-Orange-Hardin Regional Transportation Study Metropolitan Transportation Plan 2040 (Revisions to JOHRTS MTP 2040). The SETRPC-MPO made this document available for public review on the SETRPC website (www.setrpc.org/ter) and at the SETRPC office for a 30-day comment period of February 27, 2015 through March 30, 2015.

The SETRPC-MPO conducted four meetings to allow the public to review and comment on the proposed Revised JOHRTS FY 2015-2018 TIP. These meetings were held at the following locations:

- Jefferson County
 - South East Texas Regional Planning Office, Beaumont – Monday, March 16, 2015
 - Port Arthur Public Library, Port Arthur – Tuesday, March 17, 2015
- Hardin County
 - City Hall, Lumberton – Wednesday, March 18, 2015
- Orange County
 - City Hall, Vidor – Thursday, March 19, 2015

Copies of the notice and the advertisements in local papers are included in this attachment for informational purposes.

The SETRPC-MPO received one written public comment during the 30-day public comment period:

The Texas Department of Transportation requested to match the year of expenditure total to the authorized funding by share. They also pointed out that the \$1 shown for federal share is merely a place holder for the funding that is needed to fully fund the project (if needed).

WE VALUE YOUR INPUT

The South East Texas Regional Planning Commission (SETRPC) is the designated Metropolitan Planning Organization (MPO) for the Jefferson-Orange-Hardin Regional Transportation Study (JOHRTS) area, comprised of Jefferson, Orange and Hardin Counties. In conjunction with the Texas Department of Transportation, the SETRPC-MPO is responsible for an overall plan that identifies the most desirable and efficient means of meeting transportation needs for the next twenty years.

As part of the continuing,

cooperative, and comprehensive transportation planning process, the SETRPC-MPO will be hosting a series of public meetings to provide the public an overview of and an opportunity to comment on the Revised JOHRTS 2015-2040 TIP, which contains projects and programs scheduled for implementation within the next four years. In addition to this the public will also have the opportunity to comment on the Revised JOHRTS MTP 2040, which includes transportation projects through year 2040.
